

Publications

PETER FAZEKAS

EDITED JOURNAL SPECIAL ISSUES:

Offline perception: Voluntary and spontaneous perceptual experiences without matching external stimulation, *Philosophical Transactions of the Royal Society B*, forthcoming. [with B. Nanay and J. Pearson]

Perceptual Consciousness and Cognitive Access, *Philosophical Transactions of the Royal Society B*, 2018, 373, 1755. [with M. Overgaard]

SELECTED JOURNAL ARTICLES:

Fazekas, P., Nemeth, G. & Overgaard, M. (in print). Perceptual representations and the vividness of stimulus-triggered and stimulus-independent experiences, *Perspectives on Psychological Science*.

Fazekas, P., Gyenis, B., Hofer-Szabo, G. & Kertesz, G. (2019). A Dynamical Systems Approach to Causation, *Synthese*, online first.

Fazekas, P. & Kertesz, G. (2019). Are Higher Mechanistic Levels Causally Autonomous?, *Philosophy of Science*, 86: 847-857.

Fazekas, P.*, Nemeth, G.* & Overgaard, M. (2019). White Dreams are Made of Colours: What Studying Contentless Dreams Can Teach about the Neural Basis of Dreaming and Conscious Experiences, *Sleep Medicine Reviews*, 43: 84-91. [* equal co-first author]

Nemeth, G. & **Fazekas, P.** (2018). Beyond the REM-NREM Dichotomy: A Multi-Dimensional Approach to Understanding Dreaming, *Journal of Consciousness Studies*, 25 (11-12): 13.33. [invited for special issue on altered states of consciousness]

Fazekas, P. & Nanay, B. (2018). Attention is Amplification, Not Selection, *The British Journal for the Philosophy of Science*, online first.

Fazekas, P. & Overgaard, M. (2018). Perceptual Consciousness and Cognitive Access – An Introduction, *Philosophical Transactions of the Royal Society B*, 373: 20170340.

Fazekas, P. & Nemeth, G. (2018). Dream Experiences and the Neural Correlates of Perceptual Consciousness and Cognitive Access, *Philosophical Transactions of the Royal Society B*, 373: 20170356.

Fazekas, P. & Overgaard, M. (2018). A Multi-Factor Account of Degrees of Consciousness, *Cognitive Science*, 42 (6): 1833-1859.

Fazekas, P. & Nanay, B. (2017). Pre-Cuing Effects: Attention or Mental Imagery?, *Frontiers in Psychology*, 8: 222.

Fazekas, P. & Overgaard, M. (2016). Multidimensional Models of Degrees and Levels of Consciousness, *Trends in Cognitive Sciences*, 20 (10): 715-716.

Overgaard, M. & **Fazekas, P.** (2016). Can No-Report Paradigms Extract True Correlates of Consciousness?, *Trends in Cognitive Sciences*, 20 (4): 241-242.

Fazekas, P. (2016). Attention and Aesthetic Experience, *Journal of Consciousness Studies*, 23 (9-10): 66-87.

Fazekas, P. & Jakab, Z. (2016). The Sensory Basis of the Epistemic Gap: An Alternative to Phenomenal Concepts, *Philosophical Studies*, 173 (8): 2105-2124.

Fazekas, P. (2014). Pursuing Natural Piety: Understanding Ontological Emergence and Distinguishing it From Physicalism, *dialectica*, 68 (1): 97-119.

Fazekas, P. & Kertesz, G. (2011). Causation at Different Levels: Tracking the Commitments of Mechanistic Explanations, *Biology and Philosophy*, 26: 365-383.

Fazekas, P. (2011). Cognitive Architecture and the Epistemic Gap: Defending Physicalism without Phenomenal Concepts, *Philosophia*, 39: 21-29. [winning essay of the Rudolf Carnap Graduate Conference, Bochum]

Fazekas, P. (2009). Reconsidering the Role of Bridge Laws in Inter-Theoretical Reductions, *Erkenntnis*, 71: 303-322.
